

Instruction for selecting the Main Product Category

Manufacturer/AIR/Brand is required to select correct Main Product Category from the provided list. Main product category should be selected on the basis of pre-filled product category. For example: If the product category is pre-filled as Network Appliance Platform, Manufacture/AIR/Brand has to select the Automatic Data Processing Machine from the main product category. The list of some more examples are given below for your reference:

Product Category	Main Product Category
Server	Automatic Data Processing Machine
Projector	Automatic Data Processing Machine
Thin Client	Automatic Data Processing Machine
Disk Array	Automatic Data Processing Machine
Network Appliance Platform	Automatic Data Processing Machine
Storage	Automatic Data Processing Machine
All in one PC	Automatic Data Processing Machine
Workstation	Automatic Data Processing Machine
Laptop	Laptop/Notebook/Tablet
Notebook	Laptop/Notebook/Tablet
Tablet	Laptop/Notebook/Tablet
Li-ion Battery	SEALED SECONDARY CELLS/BATTERIES CONTAINING ALKALINE OR OTHER NONACID ELECTROLYTES FOR USE IN PORTABLE APPLICATIONS (Li Batteries)
Ni-ion Battery	SEALED SECONDARY CELLS/BATTERIES CONTAINING ALKALINE OR OTHER NONACID ELECTROLYTES FOR USE IN PORTABLE APPLICATIONS (Ni Batteries)
Li-ion Cell	SEALED SECONDARY CELLS/BATTERIES CONTAINING ALKALINE OR OTHER NONACID ELECTROLYTES FOR USE IN PORTABLE APPLICATIONS (Li Cell)
Ni-ion Cylindrical Cell	SEALED SECONDARY CELLS/BATTERIES CONTAINING ALKALINE OR OTHER NONACID ELECTROLYTES FOR USE IN PORTABLE APPLICATIONS (Ni Cylindrical Cell)
Ni-ion Prismatic Cell	SEALED SECONDARY CELLS/BATTERIES CONTAINING ALKALINE OR OTHER NONACID ELECTROLYTES FOR USE IN PORTABLE APPLICATIONS (Ni Prismatic Cell)
Lable Printer	PRINTERS, PLOTTERS
Thermal Printer	PRINTERS, PLOTTERS
Dot Matrix Printer	PRINTERS, PLOTTERS
AC Supplied Electronic Control gear for LED Modules	DC OR AC SUPPLIED ELECTRONIC CONTROLGEAR FOR LED MODULES
